A Bill Passes the Senate Increasing the Naval Power.

President Given a Restrictive Power to Act in Case of Emergency.

One Thousand Men to Be Enlisted for New War Ships—The President Given Power, in Case of Necessity, to Enlist Part or All of the Naval Militia.

WASHINGTON, March 3.—In view of the war talk that has been heard at both ends of the capitol, the action of the senate Monday in passing a bill to enlarge the navy is significant. It was agreed to without a dissenting vote, and throughout there is placed in the hands of the president a restricted power with which to deal with the Spanish-Cuban situation, should the emergency arise. The bill provides for the enlistment of 1,000 men for the new ships now in commission and appropriate \$280,000 for their compensation. It also gives the president power, in the event such authority becomes necessary to enlist such part of the naval militia (about 5,000 men) for a period of two years, giving full complements for such vessels that do not have full crews and authorizes him to charter steamers for transports for troops.

Other bills were passed as follows: Providing for vessels propelled by gas, naphtha, fluid and electric motors; to commission assistant surgeons in the navy and to provide for their examination preliminary to their promotion to the grade of surgeons; authorizing Lieut. S. S. Jordan, Fifth United States artillery, and Capt. E. C. Carter, assistant surgeon, U. S. A., to accept medals from the British government and Mr. Adm. Kitchin to accept a gold box presented by the emperor of Germany; providing for a naval training station on the island of Yerba Buena (or Goat Island) in the harbor of San Francisco; for the construction and equipment of a revenue cutter for service on the Atlantic coast of the United States with headquarters at the port of New York.

The report says that two schooners, one from Tampa bearing Collazo and 80 men, and the other from a point north of Tampa, laden with arms and ammunition, left port Sunday night for Alligator Keys where they are to meet the steamer "Three Friends," recently purchased by Cubans in this country, and cleared from Jacksonville in ballast several days ago.

GEAR'S TRIAL.

Evidence All in for the State and It Rests Its Case.

COLUMBUS, O., March 3.—Representative Plummerfelt was subjected to a rigorous cross-examination by the defense, in the trial of ex-senator Gear Tuesday morning, the intention being to show that there was ill feeling between him and Gear on account of an appointment. Plummerfelt insisted he had no ill feeling toward Gear now. Ex-Representative Taylor, of Jefferson, said he heard the conversation in which it is said that Gear asked Plummerfelt for money. He heard no money mentioned.

Ex-Representative H. K. Spooner, of Seneca county, said that Plummerfelt told him that money would have to be used to get the expense bills through. He went to Senator Gear and asked him about it. Gear told him that all there was about it was that it "might cost you fellows a couple of hundred dollars if you push the bills too hard." That was all the suggestion of money that was made to him. The state rested its case.

ITALIANS DEFEATED.

Gen. Baratieri Suffers an Enormous Loss of Men, Arms, Etc., in Abyssinia.

ROME, March 3.—The news received from Massowah of the crushing defeat of the Italian forces under Gen. Baratieri, in Abyssinia, has created great excitement throughout Italy.

The opposition press declare that Gen. Baratieri has suffered an enormous loss of men, arms, etc., claiming that he lost 60 guns and all of his provisions. The government newspapers confirm the reports already published as to the Italians being compelled to abandon their positions, adding that their gun carriages and many of their guns were abandoned.

Gen. Baratieri's decision to break his line and the tactics pursued by him are regarded as inexplicable. It is reported that Baratieri was wounded.

Further details of the battle fought between the Italian and Abyssinian troops on March 1 show that the Italians were defeated with a loss of 5,000 killed, including Gens. Dabormina and Albertone. The fight lasted the entire day. Gen. Baratieri, with the wounded, Gen. Ellena and his forces, and those under Gen. Arimondi, have returned to Adeceje, 100 kilometers from Adowa.
